(Scripps-McRae Dispatch.)

TOKIO, Nov. 30.—The cruisers Itsukushima, Hashidates and Matsushima of the training squadron, in command of Rear Admiral Tomcoka, late president of the naval school, will sail from Yokohama Jan. 5, via Honolulu, and will arrive at San Francisco about Feb. 18. They will visit Seattle and Tacoma.

## ORPHAN GETS A PERMANENT HOME

Motherless and without a father, Olive De Lap will be committed to the State Home for Dependent Children at Sparta. Application was made to Judge Brindley by Humane Officer Berry this morning.

The mother of Olive, Mrs. A. Reynolds, Minneapolis, Minn., refuses to support her daughter. The girl is 9 years old. During her entire life Olive has lived with her grandmother. When the latter became too poor to support her, Mrs. Reynolds offered to care for her mother, but refused the child. The result is that the girl will be sent to Sparta.

Mrs. Reynolds has been married three times, while her mother also has sought the happiness of matrimony a considerable number of times.

## MARK TWAIN'S BIRTHDAY

(Special Tribune Dispatch.)

NEW YORK, Nov. 30.—Samuel L. Clemens, whom all the world knows as Mark Twain, was seventy-one years old today. At his city home in lower Fifth avenue (he is also the possessor of a country place at Tarrytown, near the estate of John D. Rockefeller) there is an almost continuous procession of messengers during the day, bearing letters, telegrams and cablegrams of congratulation and good wishes. The veteran humorist is at present enjoying excellent health and for a man who has passed the three-score-and-ten mile post on life's journey he presents a remarkable picture of hale and alert activity.

## TEAMSTERS IN CONSPIRACY

## Members of Union Admit Making War on Montgomery, Ward & Company

(Scripps-McRae Dispatch.)

CHICAGO, Ill., Nov. 30.—Albert Young, former president of the Teamsters' union, William Kelly, secretary of the teamsters' joint council, and Pat Murphy, said to be a member of the "wrecking crew" gang alleged to exist for slugging nonunion men, and Joseph Schultz pleaded guilty unexpectedly this morning to a charge of conspiracy to injure the business of Montgomery Ward & Co., in calling a teamsters' strike in the spring of 1905.

All are fellow defendants of Cornelius Shea, president of the International Teamsters' union.

It is expected the four will turn state's evidence in hope of getting a light sentence.

## ESCH GOES TO CAPITAL

Representative Esch left for Washington last night to be present at the reconvening of congress tomorrow. Mr. Esch will remain until the end of the session—the short one—expecting to return to La Crosse during the holidays.

"Probably the most important thing in which the people of La Crosse and my district will be interested in is the appropriation for the improvement of the upper Mississippi river," said Mr. Esch. "This, with the legislation to be perfected to secure the title to Camp Douglas for a national range probably are the two most important pieces of legislation in which I will have connection.

"The river and harbors committee, under Chairman Burton of Ohio, already has held a meeting. The resolution adopted calls for an appropriation of \$1,000,000 this year, an increase of \$700,000 over last. The conventions at Minneapolis, at St. Louis and Kansas City all have had an important bearing on the improvement of the river problem.

"I dare foresee that the river will receive fair treatment and a generous increase, if not the entire appropriation called for, will be granted. To spend \$1,000,000 along 600 miles of waterway, in place of \$300,000 as in former years, ought to please all advocates of river improvement.

"I have a bill to reduce the number of working hours of railroad men. I will introduce the measure in this house, while Senator La Follette will do the same in the senate. The number of wrecks caused by railroad men asleep, utterly exhausted after several hours work, will be diminished if the bill becomes a law. The measure makes sixteen hours the maximum for a railroad man to work, with eight hours rest afterward. The brotherhoods of trainmen, locomotive engineers and firemen favor the measures. The bill of Senator La Follette differs slightly, but the two are about the same.

"Legislation along financial lines may be accomplished, after the present demand for the change of the currency system. The bankers have made recommendations and these may be adopted.

"Thirteen supply bills are to come before congress. There will be no public buildings bill, because of the short session. This will delay the improvement to the La Crosse postoffice. The rivers and harbors committee met before congress that they congress adjourns I shall try to see might have the ground floor when the body meets. In another year the postoffice will be improved, provision being made in the next public buildings bill.

"I will return to La Crosse during the holidays. Mrs. Esch may accompany me back at that time. After cure an audience before the state legislative committee on the Camp Douglas camp proposition, if there is a contest. I will do this work after adjournment, but is may be settled before that time. In event the question comes up during congress, I may secure a leave for a few days to attend this pressing engagement."

A prayer that is long-drawn-out is apt to be rather narrow.

## MADE NO EFFORT TO RESCUE GIRL

## Chester Gillette Makes Damaging Admissions in Murder Trial

(Scripps-McRae Dispatch.)

HERKIMER, N. Y., Nov. 30.—Gillette resumed the stand this morning and was cross examined.

The prosecution dragged Gillette again over the scenes of Grace Brown's death, during the cross examination, picking up questions at the most unexpected places and securing many admissions which will not help the defendant.

The courtroom was crowded. Gillette admitted that he made no effort to save Grace Brown's life.

The prosecutor said:

"Although you swam in the Pacific at Honolulu and San Francisco and were known as a strong swimmer, you swam ashore when the girl leaped overboard."

Gillette admitted he did.

## CITY TO PAY FOR BLACK RIVER SPAN

La Crosse will continue to pay the bills for repairs to the Black river bridge, although a well defined opinion that the town of Campbell ought to pay a portion exists. The cost of repairs is under \$25 this year.

H. J. Beckwith, president of the board of public works, has received an opinion from City Attorney Mahoney to continue the payment of the bills. Every year the city and town of Campbell clash, pending a settlement. The town wants Judge Fruit to decide the share its taxpayers ought to contribute, while the city objects to this form. By a division of the cost according to taxation, the town of Campbell would pay about \$1.

The city and town may bring a suit to determine the adjustment for time to come. The city now has several large bills from past years against the town.

## WEDDED THANKSGIVING DAY

Thomas Bailey, a bookkeeper at the John Gund Brewing company, and Miss Leonora Grams were married yesterday by the Rev. Dean White. The employees of the brewing company remembered their fellow employee.

Clinton McOmber, Ottawa, Ill., and Miss Nellie P. Myers, Salisbury, Mo., were married this afternoon by Judge Brindley. A special license to wed at once was secured.

Martin Michaelson, West Salem, Wis., and Miss Anna Opsahl, town of Hamilton, secured a license to wed today.

## ICEMEN MUST STAND TRIAL

(Scripps-McRae Dispatch.)

COLUMBUS, O., Nov. 30.—The third attempt to bring local ice men to trial on a charge of violation of the anti-trust laws was successful this morning when the court overruled demurrers to the indictments brought three weeks ago, the previous indictments having been quashed. Seven companies and five individuals will now be tried.

## DRUGGISTS' ASSOCIATION DECLARED TO BE TRUST

INDIANAPOLIS, Ind., Nov. 30.—The government won the first skirmish against the National Retail Druggists' association in this city in federal court by the overruling of a demurrer to the charge that that organization is a trust in restraint of trade. The court ruled the association must answer the first Monday in February.

Miss Lytbell Milligan, Hanover, Ill., is the guest of her aunt, Mrs. James Weisch, 331 Mill street.

## COULD EARN MUCH MONEY

## But Andrew Buchda Prefers to be an Inmate of County Jail

Andrew Buchda, classed as the laziest man in La Crosse county, and capable of earning 60 cents an hour as a bricklayer, was sentenced to the county jail for ninety days by Judge Brindley this morning. Buchda pleaded guilty to a charge of vagrancy.

Not only the laziest, but also the dirtiest was the name attached to Buchda. He bore every appearance of having forgotten the last time he took a bath.

"I can only make 40 cents a hour now. I'm getting old," replied Buchda after being informed that he might earn 60 cents a hour each day, if willing to work.

Another Sentence

Frank Anderson, a begging tramp, received only sixty days on a plea of guilty to the same charge. Anderson was caught begging by the police. When he was out rewarded with a liberal slice of turkey for his Thanksgiving dinner, Anderson promptly shied a stone throw a window in revenge.

Buchda was happy after Anderson was sentenced. "Say sheriff, the judge said 'sixty days at hard labor to him' and nothing to me about labor. I won't be compelled to work," said Buchda. A large smile crept across Buchda's face at this moment, but was dispated when Sheriff Houglen informed him that work was required of all prisoners.

## NORTHWESTERN GRANTS PENSION TO OLD EMPLOYEE

The local agent of the Chicago & Northwestern today received notice from the head offices of the company of the granting of a pension of \$12 per month to Andrew Gilbrandson, a truckman in the employ of the road here. He was 70 years old the 13th of November and has been employed here for thirty years. Under the rules of the company all employees over 70 years who have been in the employ of the company for thirty years receive a pension in proportion to their salary.

## WITNESSEES DENY STORY

(Scripps-McRae Dispatch.)

WASHINGTON, D. C., Nov. 30.—Rebuttal testimony was taken in the case of Mrs. Bassett this morning.

The woman's statements are being denied by witnesses.

Former Representative Fairchild said her mother and sister did not know her condition, that she refused to answer his questions in regard to the cause of her going to the hospital.

The case was adjourned to Monday morning when the arguments will be made.

## COLDEST OF THE SEASON

Decidedly cold weather, in all probability the coldest of the season, is forecasted for tomorrow by Weather Forecaster Oberholzer. This morning Mr. Oberholzer was unable to give an estimate of the exact degree of temperature, but forecasted a considerable drop.

## SOLDIERS AID LAND GRAFT

(Scripps-McRae Dispatch.)

OMAHA, Neb., Nov. 30.—I. D. Hull, a soldier, testified in the land cases this morning. The defendants instructed him to secure old soldiers the longest in the service, to file claims as they could prove up quicker. He said the soldiers were to lease the claims to the cattle kings, and get \$100 for each lease. After proving up they were to get \$600 for each claim, half of which was to go to the defendants' agents.

Emmett Lokken, the brakeman who was caught between two cars at Prescott a few days ago and painfully squeezed rested easily last evening at his home in the 180 block on Charles street.

## CHILDREN FEED NEEDY FAMILIES

## One Hundred and Twenty-six made Happy by School Children

One hundred and twenty-six hearts were made glad by the pupils of the La Crosse public schools, the poor commissioner's department and Humane Officer Berry yesterday. A number, sufficient to make the total 200 hearts, were the recipients of choice food today in honor of Thanksgiving.

This morning Poor Commissioner Burdick and Humane Officer Berry counted up 126 who were made happy yesterday on the receipt of Thanksgiving dainties. All of the food received was not distributed, the rain stopping the work. The remainder is being sent out today.

La Crosse spent Thanksgiving day under dark, heavy clouds, a drizzle during the entire morning marring the day. The rain also continued during the afternoon.

Union services were held in the First Presbyterian church, Sixth and King streets, in the morning. The Rev. W. W. Hurd, pastor of the West Avenue Methodist Episcopal church, officiated.

At the Tabernacle Baptist church on the North side, the Rev. A. L. Wood, pastor of the Caledonia Street Methodist church, delivered the sermon.

The Rev. C. N. Moller conducted services at the Christ Episcopal church, Ninth and Main streets, yesterday morning.

In the afternoon the Wisconsin Business University and high school football game attracted a few. The performance of "Ole Olson" at the La Crosse theater drew good crowds at matinee and evening performances.

At the county jail, twelve prisoners received a spread from Sheriff Houglen. Several of the season's dainties were given the unfortunates.

(Scripps-McRae Dispatch.)

THORTON, R. I., Nov. 30.—Ethel Smith, aged 15, who shot and killed Elmer Briggs as Briggs was trying to enter the Smith home to attack Ethel's mother, was arraigned this morning on a charge of manslaughter. She pleaded not guilty and was released on bonds of \$4,000.

A dozen of the most prominent citizens were anxious to give bond for the girl's appearance. She is more of a heroine than one charged with crime.

WANTED—Two chocolate dippers at once at Pfund's.

## CHAS. CHAMBERLAIN DEAD

## Senior Councillor of Wis. U. C. T. Succumbs to Paralytic Strokes

Charles H. Chamberlain, grand senior councillor of the Wisconsin grand lodge of the United Commercial Travelers, and one of the most widely known traveling salesmen in the northwest, died at his home, 130 South Eighth street, Wednesday morning at 6:45 o'clock after several strokes of paralysis. For eleven hours he kept up a brave struggle for life, but was defeated in the end after spasm after spasm had sapped his remaining strength and vitality.

Several weeks ago Mr. Chamberlain experienced a severe stroke of pulmonary apoplexy. For days and weeks he was confined to his home. A struggle ensued and he was able to resume his position on the road. For a month he had been working, apparently well and growing stronger as each day progressed. Friends thought him recovering and becoming his former self. Wednesday night he returned from a three days' trip to Viroqua. At 8:30 o'clock the first spasm came. The family physician was called, but could do nothing to relieve the stricken man.

Mr. Chamberlain was known throughout western Wisconsin and eastern Minnesota. Throughout the entire northwest he had a large list of acquaintances. "Charlie," as he was known and preferred to be called, had represented the Kratchwill Candy company for twenty-two years in northwest territory.

In United Commercial Travelers' councils he has been prominent and for years of faithful service for the order was named grand senior councillor of the state. The position is the highest gift the state lodge can give. In the ranks of the local lodge he also has been prominent.

In politics Mr. Chamberlain also figured. He was a staunch republican. As a supporter of Representative Esch he promoted his candidacy in several campaigns.

Charles Chamberlain was born at North Bend, Wis., forty-two years ago and came to La Crosse a young man. He is survived by a widow and one daughter. A brother, Dr. Ward Chamberlain, Bangor, Wis., died two years ago while Frank Chamberlain, another brother, died a few weeks ago.

The funeral will be held at 2 o'clock tomorrow afternoon from the house and at 2:30 o'clock from the Universalist church, the Rev. J. S. Lowe officiating. The remains will be laid to rest in Oak Grove.

## FAMILY BARELY ESCAPES

## Klosheims Aroused by Smoke

## STOVE CAUSES THE FIRE

## Seek Neighbor's Shelter and Are Fully Protected by Insurance

Awakened by the strong odor of smoke, the family of Mrs. Louise Klosheim, 802 South Eighth street, barely escaped death in a fire which gutted the home and burned down the house at 1 o'clock Thursday morning. One of the members of the family, sleeping directly above the room in which the fire burned fiercest, smelled smoke and notified the remaining members of the family.

On Thanksgiving morning the entire family was turned out into the cold. Neighbors offered shelter and from these points of vantage the family watched the flames burn the house and interior furnishings. The loss is placed at \$2,500, fully covered by insurance.

In the opinion of Chief Bradford, of the fire department, the fire started from the coal stove. Several draperies hanging over a door, it is believed, caught fire from the intense heat and communicated the sparks to other parts of the room.

Mrs. Klosheim occupied the house with her two daughters.

Spark Starts Blaze

A spark started a fire in the roof of the home of Matt Schuler, Logan and Loomis streets, late Wednesday afternoon. Company No. 4 responded extinguishing the blaze. The loss was small.

## When a Man is Thin

In many cases, the man who is thin, gets sympathy which he neither wishes—nor perhaps deserves.

You've often heard it said, "Mr. Brown is awfully thin—I wonder what's the matter with him." The man with adequate flesh has the advantage. People like to deal—like to associate with healthy looking, robust men.

But the most serious handicap for the thin man is when illness comes—he has no surplus flesh on which to draw.

## SIMPLE PRESCRIPTION TO CLEAN THE BLOOD

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is strong and healthy, if the blood is impure or diseased then there is sickness or decay in the whole system.

Rheumatism is strictly a blood disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood to get permanent results. To get well, to feel strong, hearty and vigorous, one must have good, clean blood and lots of it. You can't clean the blood thoroughly unless the kidneys are made active. Bad blood means clogged, inactive kidneys and liver, which causes too, such symptoms as backache, nervousness, bladder and urinary difficulties, and other sympathetic troubles.

Here is a simple home remedy and the prescription for making it up is as follows:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrups Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bed-time. The ingredients can be obtained at any good prescription pharmacy at small cost.

Here the readers of this paper have a simple, yet powerful and effective, remedy for all forms of blood, kidney and bladder disease which should relieve rheumatism and catarrhal affections and replace that weak, worn-out, indifferent feeling with strength, vigor and health.

This prescription is considered by the best physicians as a fine system renovator, and being made of vegetable extracts only, is harmless, and any one can mix it at home. Try this anyway before investing in the secret unknown concoctions of the patent medicine manufacturers.

Friends, Dr. George and Will Powell, J. L. Lamb, Joseph Miller, John and Joseph Lennon and N. Jarvis, are remembered.

Wadia is the captain of the basketball team at the school and also a member of the Young Men's Christian association. He makes the request that the La Crosse papers be sent to him and also a consignment of "funny" papers. Books to read also are included in the request.

# AT THE THEATERS

The "Smart Set," one of the best colored organizations on the circuit, is booked for an engagement at the La Crosse theater on Saturday, Dec. 1, matinee and night. This year this incomparable company offers something out of the ordinary in an amusement way. It is a comedy drama wedded to sweet music of the infectious, jingling kind, and is called "The Black Politician." S. H. Dudley, a colored comedian above the average ability, is the star, and he is ably assisted by a company of sixty all talented and clever. The play, which is in three acts, deals with the adventures of an itinerant race track tout, who is called upon to act as a campaign manager for Hiram Grindle, who is running for mayor. Hezekiah, although he knows but little of the art of politics, succeeds in winning the election and also the daughter of the rival candidate with whom he has been in love for many years. The show is one riot of fun and laughter and is of the caliber that is certain to enhance the reputation of this well known band of mirth provokers. Through the comedy there is a succession of jingling songs, humorous hits, surprises and novelties. Those in search of something in an entertaining way will find endless pleasure in this wonderful company. There is not a dull moment and the audience is not allowed to suffer from ennui.

"Windy Sam from Amsterdam," a character play will be at the La Crosse theater Sunday matinee and night.

Thursday, Dec. 6, Jefferson De Angelis appears at the La Crosse theater in "The Girl and the Governor," a melodious comic opera with eighty in the company.

## WILL PAY \$20 PER MONTH TO HIS CHILDREN

W. J. Cameron, arrested on a charge of failing to support his children, was discharged from custody by Judge Brindley late Wednesday afternoon, after agreeing to pay \$20 each month to the support of two children. Cameron, however, made a strict provision that the money be paid to a third party and not his divorced wife.

Cameron was arrested at Star Lake, Wis., on complaint of his former wife. She claimed her husband did not send the money for the support of the children and in many ways violated the decree of the court, granting the divorce. Cameron admitted he had been lax in sending the alimony and money for the children's support, but cited a long illness as the cause. As soon as he returned to work he resumed payment. A letter containing \$17 was found in the postoffice. It was mailed the day before arrest.

Poor Commissioner Burdick was appointed to receive the money. Cameron will send him \$20 each month. Mrs. Cameron was dissatisfied with this arrangement and left the court in a huff, vowing vengeance on court, former husband and sheriff's office.

## A SAD THANKSGIVING

Thanksgiving day brought sorrow to La Crosse. In two homes death was the unbidden guest. The sudden collapse of Mrs. Dr. Collieran Wednesday evening was followed Thursday morning by the equally unexpected calling of Charles H. Chamberlain. Among La Crosse women there were none more admirable, more loved than the former; among La Crosse men there were none more manly, lovable and conscientious than the latter. Condolence but little mitigated the anguish of the bereaved, but when time has softened the pangs of grief it is consoling to look back and realize that in the death of those nearest and dearest to us the gloom that fell was not for a single household, but cast its shadow over an entire community. God's estimate of men and women is not apt to differ widely from the estimate of His people who knew them long and intimately. And if public esteem is a spiritual letter of credit these two journeyed forth with ample credentials.

## A GOOD MAN'S ERROR

It is occasionally true that public officials become overzealous in the discharge of their duties. Factory Inspector Lehnhoff certainly acted in a too peremptory manner in the case in which John M. Holley Jr., and Attorney Roy E. Bigham figured, and the outcome has not been displeasing to the public.

However, it is better to have an overzealous official than a lax official. Mr. Lehnhoff is one of the most efficient officers in the employ of the state. He may not agree with us when we say we believe he made a mistake, but he will not, we believe, resent criticism made in a spirit of fairness. Theodore Roosevelt makes mistakes, Robert M. La Follette makes mistakes, we all make mistakes. It would be strange indeed were Mr. Lehnhoff to make no mistakes. Those papers that seized this opportunity to "demand" his removal simply because they thought it was coming anyway and a chance was presented for them to show their terrible influence had no mind to be just. Mr. Lehnhoff may not land the position of state inspector, but from the standpoint of conscientious industry and application to duty he is the pre-eminent eligible man in the case.

It is officially announced that congress will not revise the tariff. Senator La Follette, Congressman Esch and our other revisionists have a lot of missionary work cut out for them.

The breweries propose to give the first \$2,000 of the saengerfest fund. No dead ones in that bunch!

If every man and woman in La Crosse count buys at home and ignores the mail order catalogue from now until Christmas, La Crosse county will be \$50,000 richer and Chicago \$50,000 poorer on Jan. 1, 1907.

MRS. COLLERAN'S  
PECULIAR DEATH

Mrs. W. M. Collieran, the wife of Dr. W. M. Collieran, dentist, 425 Main street, was found dead in their home, 1228 State street, Wednesday by her daughter, Miss Mae Collieran, on return home from an informal call. The body of Mrs. Collieran was found on the floor in the garret with every evidence at hand that she had fallen from a chair while attempting to reach an article on the shelf nearby. Dr. M. W. Dvorak is inclined to believe that heart failure caused death. met her death is not clear and probably will never be known. The family and attending physician, Dr. Dvorak, share the opinion that heart failure was the cause. Fainting and dizzy spells, with pains in the region of the heart, are advanced on this line of theory. Mrs. Collieran was stricken with heart disease, while reaching for an object on the shelf.

In falling, Mrs. Collieran struck a bed screen, the slight marks caused

by contact with the screen are the only injuries upon her. These were insufficient to have caused death, being only scratches.

Miss Mae Collieran, the daughter, was not at home when the accident occurred. She reached home at 7:30 o'clock with William Grimes, 822 Rose street. Not finding her mother a search was instituted. Everything was in its usual order, which excited the suspicions of the daughter and her companion. The search revealed Mrs. Collieran in the garret dead. Dr. Dvorak was called at once. He pronounced Mrs. Collieran dead.

Dr. Collieran was absent when the body was found and was not located until late at night.

The funeral will be held tomorrow afternoon at 2 o'clock from the residence, Rev. Henry Faville, pastor of the First Congregational church officiating. Interment will be made at Oak Grove.

The Ladies' Aid society of the Caledonia Street Methodist Evangelical church will hold their chicken supper and bazaar on Thursday, Dec. 13 in the Fjelstad hall at the corner of Cal-

HIGH SCHOOL WINS  
CHAMPIONSHIP

To the La Crosse high school belongs the 1906 La Crosse county football championship by virtue of a 5 to 2 victory over the Wisconsin Business university at League park yesterday afternoon. Byrne, quarterback for the highs, succeeded in making a touchdown near the close of the second half, winning the contest for his team. The Toland team scored a safety early in the first half, almost disheartening the high school eleven and the followers of the team.

The gridiron was a sea of mud, due to the continuous rain of the morning. The drizzle had a bad effect upon the crowd only a handful of the more enthusiastic turning out to see the crucial local game of the 1906 season. To these the reward was great for the contest was one of the best of the year and in which the better team won. The small difference in the score illustrates the ferocity and tenacity with which the two teams battled with the championship dependant upon the result.

At the beginning of the first half, Halfback Taylor was thrown over his own goal line by the heavy W. B. U. team. The result was a score of 2 for the Toland men. The rooters went wild, expecting an easy defeat of the highs. The cheers resounded across the field time and again. The highs were nerved by the cheering and gritted their teeth.

During the remainder of the first half it was punt after punt, neither team being able to make ten yards for the first down. Each team held its opponent, forcing a kick. Capt. Dahlgren had the better of the argument over Van Hersett, the W. B. U. back kicking him in the air and for short distances.

Three times during this half Seifert tried placement kicks for scores for the Toland team, but failed each time. No trial resulted in a score.

The first half ended 2 to 0 in favor of the W. B. U.

The second was a repetition of the first until Quarterback Byrne made his sensational run for a touchdown. Punt, hold and punt was the order of the game. Near the close of the second half, Quarterback Byrne, with nearly the entire team in interference, darted down the field for a touchdown. He dodged the W. B. U. ends after a wide run and completed a fifty-yard sprint, planting the slippery oval squarely behind the bars. Dahlgren failed to boot the spigskin for a goal. Byrne received a deafening reception from his teammates and the stand. Cheers, from the high school throats, rent the air and for a full five minutes during which play was suspended.

During the remainder of the half no scores were made, but Van Hersett made a run of thirty-five yards, being stopped by Byrne. After winning the game, the little quarter saved it for had Van Hersett scored a touchdown defeat would have resulted.

## NOTABLES DIE IN WRECK

WASHINGTON, D. C., Nov. 30.—Through the unexplained action of a train dispatcher on his own line Samuel Spencer, president of the Southern railway, and three personal friends who were to be his, Thanksgiving guests at his hunting lodge near Greensboro, were among those who met a sudden and shocking death at the small town of Lynchburg, Va., eleven miles south of Lynchburg, Va., yesterday.

They were asleep in the private car on the rear of train No. 33, which had been halted at the crest of an elevation to make some trifling repairs. The train was two hours and a half behind the schedule. The south bound Atlantic express, two hours late, was sent past the block by Operator Mattox at Ragoon.

The pilot of the oncoming engine struck the private car at a speed of forty miles an hour, plowing its way half through the car. It overturned in the midst of the debris. The conflagration which followed completed an awful destruction.

President Spencer must have been instantly killed. His body, the last to be recovered, was found under the engine. It was so badly burned as to be hardly recognizable.

CHARLES D. FISHER, of Gill & Fisher, commission merchants of Baltimore.

FRANCIS T. REDWOOD of the brokerage firm of Lowins & Redwood of the same city.

Tuesday afternoon and night the addition to the King Street Methodist Episcopal church was decorated by the Ladies' Aid society of the church for the bazaar and supper during that time.

## Cured of Bright's Disease

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." O. T. Erhart.

### EIGHT DAYS BEFORE TRIBUNE CONTEST CLOSES

Every mail brings in votes for the Tribune contest and the doors of the office are kept swinging continuously with the steady stream of voters who go in and out casting ballots for their favorite candidates in the race. The contest is certainly gaining ground day by day, and no one can anticipate what height this good natured tug of war will attain. Certain it is that 90 per cent of the people of La Crosse and adjacent counties are directly interested in the outcome of the contest, and before another week has elapsed the other 10 per cent will be into the contest as deeply as the candidates and their friends are today.

No one is losing hope, and the difference of a few thousand votes is nothing, as it means but a couple of yearly subscriptions, and there are eleven days remaining in which to secure subscriptions and close the chasm which now separates those in other positions from first place. Many people are willing to help the young ladies, and are only waiting to be asked

and the first candidates to ask, of course, will be the ones to receive the votes; so it is imperative that those who desire to enlarge their count get among the people and make their cause known.

Subscriptions continue to pile in from all sections of the country, and Wednesday was another banner day in issuing votes.

The circulation of The Tribune has increased over 1,150 copies since the opening of the contest, and the next ten days we expect to add at least 200 more subscriptions.

Next week will be the closing one of the contest, and with the activity shown by the contestants the finish will undoubtedly be full of excitement. There is so much to win and so many opportunities to gain by persistent effort. Study the proposition carefully, and you will see that it is easy to be a winner of a prize.

If you want to boost for a greater La Crosse send The Tribune to some of your friends and at the same time help some young lady in the contest.

### OHIO WHIST TOURNEY

COLUMBUS, O., Nov. 30.—Great deals were planned and consummated today in the parlors of the Great Southern Hotel, not deals in stocks, bonds or real estate, but in pasteboards decorated with the familiar red and black spots. The occasion was the opening of the annual tournament of the Ohio Whist association, which will be in progress two days. Several score of players representing clubs in Cincinnati, Dayton, Cleveland, Toledo and other cities of the state are in attendance. Four trophies—the Cincinnati Trophy, Toledo Trophy, Cleveland Trophy and Columbus Trophy, are to be contested.

### Classic Recital At Conservatory Of Music

The new La Crosse Conservatory of Music will give their first recital, Tuesday, Dec. 4th, and to everyone that is interested in music, I will give a complimentary ticket with a reserved seat.

I promise La Crosse the most classical recital ever given in the city, and I respectfully invite all music critics to decide whether the faculty of the La Crosse Conservatory of Music are able and capable of standing to the head of such a high art. I sincerely wish that every family in La Crosse who are interested in an education and welfare of their children will at least attend this musical recital and satisfy within themselves, whether or not, they think the La Crosse Conservatory of Music a fit place to send their children to be educated along the lines that we pretend to handle in this school. I have made every effort possible to open the school covering every branch of the music art and dramatic art as well, and I certainly need the support of the best citizens of La Crosse to make my school a thorough success and the most I can offer to the public is a recital, and let the public at large judge each member of our faculty and in that way you would feel positively satisfied.

Now, every teacher contracted with this school, who will without any question, do their best, and will let you people judge if or not, we are capable of taking the stand of such a high art.

The admission for the recital will be 50 cents a seat, but to every family or person that is interested in our line that will either call at the school or ring us up by phone, we will gladly furnish them with a complimentary, reserved seat ticket.

The recital will be given in the auditorium of the school, better known as the German Opera house, corner of Fifth and Market. The recital will begin 8:15 sharp.

I trust you will at least attend our recital.

### DO NOT DOSE THE STOMACH

Cure Catarrh. by Breathing Hyomei. Sold Under Guarantee.

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane.

O. T. Erhart's faith in the wonderful merit of Hyomei as a cure for catarrh is shown by the guarantee he gives with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.

A complete Hyomei outfit, consisting of a pocket inhaler, a bottle of Hyomei and a medicine dropper, costs but \$1, extra bottles of Hyomei, if needed, 50 cents. O. T. Erhart gives his personal guarantee to refund the money if Hyomei does not relieve, so that you run no risk at all in buying this reliable remedy.

#### Cured Hemorrhages of the Lungs

A. M. Ake, Wood, Ind., writes: "Several years since my lungs were so badly affected that I had many hemorrhages. I took treatment with several physicians without any benefit. I then started to take FOLEY'S HONEY AND TAR, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble."

## PENNSYLVANIA'S DIVIDEND RECORD

PHILADELPHIA, Pa., Nov. 30.—Stockholders of the Pennsylvania Railroad today were paid a semi-annual dividend of 3½ per cent on their holdings. This dividend completes a remarkable record of fifty years, during which time the Pennsylvania has never failed to pay a cash dividend at each semi-annual period. The first dividend in May, 1856, of 4 per cent, was on \$10,886,000, and amounted to \$435,440. The dividend of 3½ per cent paid today is on \$305,794,500 stock and amounts to \$10,702,807. Including the present dividend, the total cash dividends paid by the Pennsylvania during the half century aggregate \$269,116,854. The total cash and dividends together are \$294,628,993, an amount nearly equaling the present capital stock.

## 30 YEARS IN SUPREME COURT GREAT CATHEDRAL DEDICATED

(Tribune Special Service.)  
WASHINGTON, D. C., Nov. 30.—For Justice Harlan Thanksgiving Day this year was an anniversary of more than ordinary interest. It marks the beginning of his thirtieth year on the supreme bench, he having become a member of the court Nov. 29, 1877. Justice Harlan is the only member of the supreme court now eligible to retire, with the exception of Chief Justice Fuller. For good health and youthful activity Justice Harlan takes first rank. He is only three months the junior of the Chief Justice, but he is a physical giant, and seemingly as full of health as the best of men. He is a republican, and a pretty strict party man, and should the democrats win in 1908 he would probably give President Roosevelt the privilege of appointing his successor. He was born in Kentucky, and his ancestors were Virginians. During his long career on the supreme bench he has handed down some noted decisions, including that in the Nebraska maximum freight rate case and the Northern Securities case.

### ARBOR DAY IN TENNESSEE

(Tribune Special Service.)  
NASHVILLE, Tenn., Nov. 30.—Arbor Day was widely observed throughout Tennessee today by special exercises in the schools and the planting of trees and shrubs on public and private grounds.

(Tribune Special Service.)  
RICHMOND, Va., Nov. 30.—The magnificent new Roman Catholic cathedral here, representing a cost of more than half a million dollars and several years' work of artisans, skilled craftsmen and laborers, was dedicated by Mgr. Diomedea Falconio, papal delegate to America, assisted by Cardinal Gibbons, and scores of other high officials of the church. The music formed a notable feature of the program. It was under the direction of J. Lewis Browne, of Atlanta. The new cathedral is one of the largest and most magnificent churches anywhere in the south. It was built partially with an endowment of Thomas F. Ryan, under the agreement that he and his wife would be buried in the crypt of the church at their death.

### NAME NO LONGER MUDD

(Tribune Special Service.)  
BALTIMORE, Md., Nov. 30.—Miss Mary Eleanor Virginia Mudd, daughter of Representative and Mrs. Sydney E. Mudd, was married today to Mr. Joseph Carlisle Wilmer, a former member of the Maryland legislature and at present United States appraiser for the port of Baltimore. The ceremony took place at noon at La Plata, the home of the bride's parents.

Always Buy a "Stewart"

### Absolute Facts Concerning the Stewart Base Burners

Study the skeleton cut presented herewith and learn the construction of the famous STEWART system of radiation. Note the hot air flue that goes the entire height of the stove—this flue is five inches in diameter. Notice how the hot air flue dips forward just over the fire pot. Herein lies the great heating power of a STEWART base burner. The cold air is taken from the floor, passes up, and directly over the fire pot, which, when filled with burning coal comes in contact with the flue.

No other stove in the world today will do the same thing more than 12 inches above the hot air flue. Notice the extra large magazine—large revolving fire pot—shaking and duplex grates—extra large ash pan, etc., Besides being the

## SHOOTS FOX WHILE HUNTING RABBITS

Edward Webber of 507 Caledonia street had an exciting hunt of several hours Wednesday while rabbit hunting in Smith coulee, when his hound suddenly ran upon the scent of a fox and soon had Reynard under cover.

The fox was of the red species and managed to get away several times before Mr. Webber could get a shot at him.

He was waiting behind a large rock and saw the hound chasing the animal that way and took a shot at it the moment it appeared around the corner of the rock.

He received the bounty for it from County Clerk Rawlinson today.

Mr. Webber says that there are a number of foxes in the woods this season and that only a week ago his hound trailed one all afternoon and night near Schroeder's springs.

Fire department No. 4 responded to an alarm yesterday afternoon about 1:15 which called them to the Anderson residence at 1530 Avon street where some clothes which were in contact with the stove ignited and set fire to the walls of the room.

The fire was soon extinguished and the damage will perhaps amount to \$15.

## ST. MARY MUSICAL A BIG SUCCESS

The musicale and dramatic entertainment given by Miss Eleanor Dunn, reader, Miss Margaret Louise Dunn, contralto, and Miss Maude Collier, pianist, at St. Mary's hall Thursday evening was a most delightful affair. The hall was filled to the doors.

Miss Dunn's elocution was the feature of the evening's entertainment and brought enthusiastic applause. The selections rendered included Rosalind's Surrender, String of Pearls, Country Dancing and Gypsy Bride.

Miss Zender, whose voice is very pleasing rendered Carmen, Wohin, The Day Is Ended, Ah! Rendimmi and Spring's Awakening.

Little Miss Joena Ewe, who is a very little tot, brought down the house with a patriotic song.

The entertainment was a most enjoyable one, and will be a pleasant memory of the Thanksgiving of 1906 with those who attended.

## TUESDAY'S RECITAL MUSICAL EVENT OF SEASON

The classical recital to be given at the La Crosse Conservatory of Music next Tuesday will be one of the rare musical treats of the season. The event will probably eclipse anything of its kind ever given in the city and the conservatory is justly expecting the support of the best people in its efforts to show the people the high class of culture attained by the institution.

So desirous is the management to induce music loving people to not fail to attend the event that Manager Knight of the conservatory will provide tickets to all who will assure their attendance at the recital. Mr. Knight has both phones; old "red-7341," new "445-A."

There is every indication that the recital will be heard by a large concourse of the music-lovers of La Crosse as some of the very best talent procurable has been retained for the occasion.

## JOHN M. HOLLEY, JR. IS FINED \$10

John M. Holley Jr., manager of the McMillan building for the trustees of the McMillan estate, was fined \$10 and costs before Judge Brindley Wednesday upon pleading guilty to employing an elevator boy, under 14 years of age.

A question arose as to whether Mr. Lehnoff, the factory inspector, should have informed Mr. Holley to remove this boy, before causing his arrest, but the court decided no warning was necessary, as the law was well known and plain.

An appeal from the decision of Judge Brindley on the interpretation of the law was filed this morning. The case will go to the circuit court.
